

Scarecrow Crawl

Decorator Information

Participation: The scarecrow contest is open to all Chamber members.

Scarecrow Basics: Scarecrows and decor must be as weather resistant as possible, withstanding wind, rain, humidity and heat for multiple weeks. We encourage the use of non organic materials (fake greenery, pumpkins, etc.). We suggest the scarecrow overall height be no less than 5', and no more that 7' tall.

Scarecrow Set-Up: Each entry must be in place NO LATER than 3:30pm on Thursday, October 14th. You will receive a light post location from the Chamber of Commerce and should attach your scarecrow to the light post using zip ties ONLY. Any other methods used to secure the scarecrow to the post could be automatically disqualified. We recommend that construction of the scarecrow be completed before you bring it downtown to attach to your light post. NO PAINTING DOWNTOWN.

Scarecrow Removal: The scarecrows will remain on display until no later than Monday, November 1st. Please monitor your scarecrow throughout the time of display and keep it looking fresh, remove any decaying organic matter, etc. and repair anything as needed.

Judging: Scarecrows will be voted on by the public on our website and Facebook page. Winners will be announced on Facebook on Monday, October 18th.

Themes: Show us your creativity, but please keep scarecrows family friendly. No inappropriate or overly frightening designs. Creepy and spooky are ok, gory and bloody are not. No political or offensive statements/designs. Have fun!

Pole Assignments will be given after sign up.

Email or Call the Chamber to enter!
